REY'S BEAUTIFUL ROSES FOR THE ROSE GARDEN

The American home is hardly complete without its rose garden, the rose is truly the Queen of Flowers. No other flowering plant or shrub can compare with it in its delicate shades of color. Start a rose garden of your own, the pleasant recreation of caring for your plants and watching them grow and develop into wonderfully beautiful flowers; will many times repay you for the cost. Select half a dozen—a dozen or as many as will be needed to plant a row of the best roses that have been found hardy and adaptable to the southwest.

CULTURE: Roses are best planted in the fall. When fall planting is done it is well to water the plants before transplanting and to keep them evenly moist until the flowering season. For best results do not stake or support the plants. The white and pink varieties have the bloom in the early spring, while the climbing roses and those of the hybrid varieties bloom in late summer and early fall.

PRICES: The rose listed below are good, strong, healthy No. 1 stock, bearing four or five buds on each plant. Single roses, 3 for $1.00; three dozen, $3.00 per dozen. Varieties marked with asterisk (+) $1.00 each; 10 for $10.00 per dozen.

WHITE ROSES—Monthly Blooming

ANNE STEVENS (E钢琴, 25) Annove-90-shades of white, later shades of rosy pink. A hybrid perpetual of rich, creamy yellow color, with buds of deep rose-pink.

We would be pleased to outline a planting for you that will give flowers continuously from spring until fall. Always there will be blooms of one, two or three sorts. Just let us know your idea as to what you would like and we will make the rest of the arrangement.

**LANDSCAPE SERVICE**

Our practical landscape service assures the correct grouping and arrangement of plants purchased from our nursery. We are glad to have Oklahoma City patrons call for interviews. If a sketch from you will enable us to put a rough plan of grounds, location of buildings, trees, walks, large rocks, etc., we will send you a planting suggestion and give cost estimate for plan.

Our facilities are the best of any nursery in this section. All planting and shipping orders are done in the best possible manner. Your order will be personally supervised by members of the firm. Ask for our BIG FREE ILLUSTRATED CATALOG.
